••• TIPS FOR TALKING

1.

Request an appointment to speak with your school principal/supervisor.

2.

Match the benefits of attending to specific needs within your school/district. Once the convention program is available online, select sessions you plan to attend and share how they align with your specific goals and responsibilities as well as your district's strategic plan.

3.

Use your most recent evaluation to address areas you could improve upon by attending the state convention.

4.

Offer to hold a training session after the convention so you can share new tactics and best practices with colleagues who did not attend.

5.

Research funding ideas for your district and select options to discuss with your principal.
